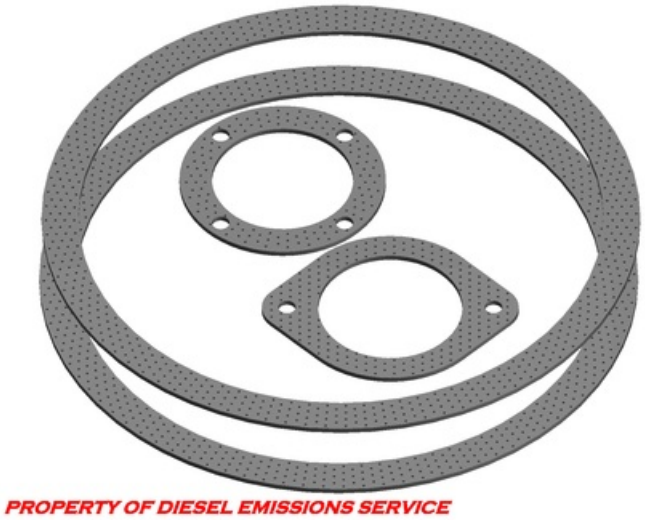
DESFS80GSK

Gasket Kit for FS80 DPF



*Due to continuous improvements to our products, actual items ordered and received may differ slightly from images shown.

Features:

- Gasket kit contains (2) flange gasket, (1) inlet gasket, (1) burner gasket
- Constructed from (2) graphite facings mechanically bonded to a low carbon steel core
- Overall thickness (.120 +/- .005)

Installation:

1. The filter band and filter flanges should be inspected for bent or damaged surfaces before installing gasket
2. Care should be taken to ensure all filter flanges are free from residual gasket material and debris before installing the new gasket.
3. After installation of new gaskets and filter band clamp,Inspect for leakage.
