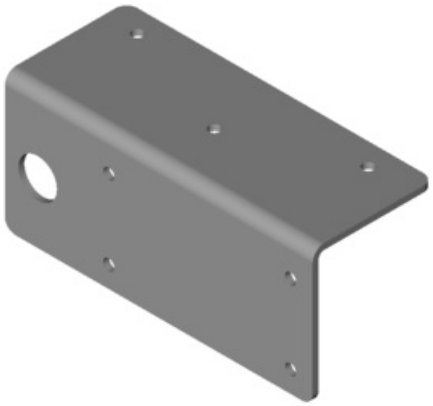
DESBPH1002

ECS Hose and plug bracket



*Due to continuous improvements to our products, actual items ordered and received may differ slightly from images shown.

Features:

- Constructed from 1/8 inch mild steel.
- Bracket is powder coated black
- DESBPH1002 can be mounted in multiple positions, and comes with universal pattern to mount the ECS plug and hose receptacles needed for servicing the "active" DPF systems.

Installation:

1. Mount the bracket to a surface which is strong enough to support the weight of the Plug and hose receptacles.
2. After mounting the bracket and plug and hose receptacles review and ensure it is protected from potential flying debris.
3. Do not use mounting bracket as a grounding source
